

The PrimePlus™ 1750

Versatile multi-function bed
The B1750 can be used for a wide range of patients up to a high capacity 750lb limit. The bed is capable of expanding to accept a 48" mattress making it an excellent choice without having to step up to a full bariatric platform.

Features include a push button expandable deck, premium head and foot boards with grab bar, and three position padded assist rails. The PPB1750 rolls on heavy duty casters with a 2-way lock/roll.
